

CHILD LABOUR

If there be anything bad;

If there is anything hated;

It is child labour.

If there be anything discouraged;

If there is anything disapproved;

It is child labour.

If there be anything caused by poverty;

If there is anything caused by circumstances;

It is child labour.

If there be anything hated by children;

If there is anything orphans can't avoid;

It is child labour.

Child labour;

The robber of our youth;

The robber of our rights;

You've done much harm already;

Please leave us alone.
