

Recognition of Qualifications

Moderator: Mogens Berg, Ministry of
Science, Denmark

Rapporteur: Lotta Ljungquist, ESIB – The
National Unions of Students in Europe,
Sweden

- Obstacles
- Promotion towards labor market
- Is learning outcomes-concept a reality?
- How do other documents refer to the EHEA-QF?
- Relation between EHEA-QF and EQF

How to tackle the major obstacle concerning recognition

- All countries should implement the Lisbon convention properly

Promoting recognition of Bologna Qualifications towards the general labor market

- Better use of already existing tools
- Involving labour market in the process

Realization of the learning outcomes-concept

- Carrot and stick
- Build acceptance on Quality assurance/Accreditation system
- Information about learning outcomes as an integral part of the National Quality Assurance system

How should other documents refer to the EHEA-QF?

- The parties involved should improve and revise the Diploma Supplement-template in consultation with the Higher Education sector and labor market

How do the EHEA-QF and the EQF relate to each other?

- *We agreed that we disagree on this issue, thus no recommendation*

*"This is only one way
– paradise won't come the year of
2010."*
